

Circular From SSA**Date: 9 August 2019****Installation And Activation Identification Systems For Ships
Sailing In Indonesian Waters**

SSA understands that the Indonesian Ministry of Transportation has promulgated a new regulation on 20 February 2019, which requires **Indonesian and foreign-flagged ships** sailing in Indonesian waters to install and activate the Automatic Identification System (AIS).

The regulation is meant to improve safety and security and will take effect 20 August 2019.

The first document is the original MOT regulations published in February – attached at **Annex A**. The translated document is attached as **Annex B**.

You may find the two Annexes [here](#).

Members are strongly advised to adhere to the new regulation from the Indonesian Authorities.
